South American Envoys
Confer to Arrange Pre-
liminaries of Procedure

TENSENESS RELIEVED

Much of Tenseness of Situation
Is Relieved as Envoys Work for
Peaceful Adjustment of Crisis

FIRST STEPS ARE SUCCESSFUL

WASHINGTON, April 27.—The tenseness of the Mexican situation was distinctly relieved today as the representatives of Argentina, Brazil and Chile, supported by pressure from all Latin-America and from the foremost powers of Europe, concentrated their efforts toward a peaceful adjustment of the crisis.

The success of the first steps towards mediation, the prompt acceptance by the United States and the announcement of the Spanish ambassador that Huerta had accepted the tender of good offices—produced a feeling of distinct hope which was reflected not only in administration quarters but in congress as well, where "war talk" gave way to a spirit of conciliation. Throughout the day the three South American envoys, who have undertaken the task of mediation, held frequent conferences to arrange the preliminaries of procedure. Pending the receipt of the formal acceptance by Huerta, no proposals will be submitted to either the United States or the Huerta government. Also it has been made plain that no conditions from either parties of the terms that approval has yet been placed before the intermediaries.

The president and Secretary Bryan were assured through two separate diplomatic sources that General Huerta was ready to accept the tender of good offices. Pressure from Germany, Great Britain and France advising Huerta to accept the first steps toward mediation and the approving attitude of Latin-American countries to the settlement of the controversy by Pan-American diplomacy, emphasized the world wide influences which are working to bring about peace and avert a conflict of death and bloodshed.

Army and Navy Are Busy.
Meanwhile the navy and army departments are continuing their efforts to care for refugees and perfecting the machinery of the army and navy for any unexpected turn in events.

Secretary Daniels announced that he had telegraphed the full text of the mediation offer and its acceptance by the United States to both Rear-Admirals Badger and Howard with instructions to have the commanders of all ships on the east and west coasts spread the news throughout Mexico by this Mr. Daniels hopes the feeling toward Americans may be alleviated and refugees enabled to depart without molestation. Advice received through the British embassy told of the completion of arrangements for the safe departure of Americans from Mexico City, while the French ambassador gave the state department a message he had received from the French legation stating that while there had been some anti-American manifestations in the Mexican capital, order now prevailed.

Many Americans Detained.
Secretary Bryan said he was able after receiving information through embassies and legations to say that no Americans had been killed or injured since the crisis of the last two weeks began and that though many had been detained at Aguas Calientes, Cordoba, Orizaba and other points now being made to obtain their release.

Order prevailed in Vera Cruz. Brigadier General Funston and the army are expected to be in command of the situation tomorrow. Expeditionary forces of marines have been detached from the command of Admiral Fletcher who will return in a few days to the fleet with the marine guards.

"Things look very much better now," said Secretary Daniels during the day. We are getting Americans out of Mexico. That is the important thing now."

Consul Canada reported that a formal raising of the American flag occurred at Vera Cruz at 4 o'clock this afternoon with impressive ceremonies. Secretary Bryan announced that the president's recent address to congress and the full text of the correspondence between Argentina, Brazil and Chile had now reached all Central and South American capitals and that had it gotten to Montevideo, Uruguay, earlier, the anti-American demonstration there would have been averted.

Should Be Given Support.

FLAG RAISED OVER VERA CRUZ WITH CEREMONY

QUARTERS OF REAR-ADMIRAL

Five Americans Ordered Out of
Country by Huerta, Arrive in Vera
Cruz From Mexico City.—Trans-
ports With Funston's Troops Are
Off Port But Have Not Yet Land-
ed.

VERA CRUZ, April 27.—With all ceremony, the firing of a salute and dress parade, the American flag was raised today over the division headquarters of Rear-Admiral Frank Fletcher. Over the customs house the flag has been flying since the landing of the American forces but until today there had been no ceremony indicating the formal occupation of Vera Cruz.

The transports with Brig. General Funston's command aboard were off the port this afternoon but there has been no indication that the military forces will be sent ashore at this time. If the army lands the blue-jackets now on duty here will go aboard their ships but the marines will be left for land service. Five Americans who arrived by train from Mexico City, today, were virtually expelled by President Huerta. They had been arrested at Pachuca for no known cause. They are Dr. Hoskins, R. Chastain, J. Pustunoff, G. G. Smith and Mr. Maddox.

Dr. Hopkins was subjected to rougher treatment than the others because in his pockets were found papers indicating that he had once served as sergeant in the United States army of volunteers.

These men were sent to the capital from Pachuca, where Huerta told them he would not hold them but ordered them to leave the country. The more friendly attitude displayed in the capital towards foreigners in the last day or two was in a measure explained today when it was learned from refugees that rebel supporters in Mexico City had taken steps to change public opinion. They circulated hand bills calling upon the people to protect Americans and denouncing Huerta as the cause of the landing of the American naval forces at Vera Cruz and also as the author of false and inflammatory statements published in Mexico City. In the handbills the people were called upon to join in a big parade in order to show disapproval of Huerta's attitude and to indicate their own friendliness towards Americans. The parade took place Saturday and the fact that it was permitted by President Huerta was construed as an indication of the weakening of his power. The rebels are said to have been gaining ground in the territory close to Mexico City. Four hundred federal wounded were brought into the capital Friday from nearby points. Where the battle was fought the refugees did not know.

A train which reached here this morning brought many British, German and French residents but only five Americans. None of them came direct from Mexico City. Some of them had been prisoners of the federalists at Cordoba, others at Soledad, the headquarters of General Maas. The latter had been released by him as a result of the urgent representations of Consul Canada and were permitted to join the foreign refugee train which left the capital Sunday morning.

Another train is expected to arrive here tonight and it is understood that many Americans are aboard. Some of the refugees are responsible for an unconfirmed report that after a demonstration Huerta became so frightened that he hid himself in a foreign legation, fearing assassination.

Refugees say that prior to the change in sentiment at the capital four Americans were seized by one of the mobs, which insisted upon lynching them. Their lives were saved by the intervention of the police whose commander promised the rioters he would shoot the prisoners, but promptly released them.

Raised Flag Over Porto Rico.
Captain Harry McL. P. Huz, Rear-Admiral Fletcher's chief of staff who gave the command to raise the flag, is the officer who raised the stars and stripes over Porto Rico.

While Rear-Admiral Fletcher's men were enjoying the unusual honor of being in town for the flag ceremony, Rear-Admiral Badger's other battalions were sweating in the heat and dirt of out post duty. These latter men this afternoon tried to capture a federal cavalryman who had made a too daring reconnaissance. The trooper rode in over the hills near where the battalion of the New Jersey blue-jackets was posted.

Lieut. McNair, spotted the Mexican with his glasses and observing that he carried a rifle and was in full federal uniform crept out with a party of Americans to surround him. The federal however, saw them, and dropping his rifle leaped from his horse and scampered away through the sand hills leaving his horse and carbine behind him.

Tribute to Fletcher's Forces.
Rear-Admiral Badger and Rear-Admiral Fletcher in arranging the details of the flag raising agreed to make it a unique tribute to Fletcher's fighting marines and blue-jackets. Every man of the little force which captured the city driving out the troops of General Maas and holding the section of the waterfront through the long night while Admiral Badger's squadron summoned by wireless was rushing to Vera Cruz, with the exception of

STRIKERS COMPLETE CAMP CONSTRUCTION

COAL MINERS COMPLETE TENT COL-
ONY ON OUTSKIRTS OF TRINIDAD

Coal Fields Await Further Develop-
ments in Efforts to Settle Strike.—
President Wilson Receives Many
Requests for Federal Troops.

BULLETIN.
WALSLENBURG, Colo., April 27.—It was reported by Sheriff Jeff Farr of Huerfano county tonight that four men had been killed in a battle between seventy five mine guards and an unknown number of strikers at the Walsen mine, two miles south of here.

TRINIDAD, Colo., April 27.—A day of waiting ended tonight when the strike situation in the southern Colorado coal fields substantially as follows:

The militia with the exception of the 200 men sent with Adjutant General Chase to Fremont county still were encamped at Ludlow, fifteen miles north. The army of strikers, under command of "General" John Brown, was completing the construction of its tent colony on the site of the former militia camp on the outskirts of the city. Trinidad and the surrounding coal fields waited for further developments in the efforts to settle the strike.

The day passed with less excitement than on previous days when the coal miners army first descended on the city. Hundreds of strikers, however, were on the streets all day, many of them having come to attend the funeral of Louis Tikas, who was killed at Ludlow.

The saloons in Trinidad have remained closed and union leaders declare they are making every effort to control their followers. Coroner B. B. Sipe and District Attorney John D. Hendrick, visited Ludlow, today interviewing eye-witnesses of the battle of April 26th.

About fifty tents had been erected tonight at the new colony of the strikers, on the site of camp San Rafael about two weeks ago.

Battle at McNally Mine.
Denver, Colo., April 27.—In a clash between strikers and mine guards today at McNally mine of the Colorado Fuel and Iron company, near Walsenburg, Mary Gregory, a resident of the camp was shot in the arm and several buildings were burned.

Sheriff J. B. Farr has notified Governor Ammons that he is powerless to cope with the situation and that he feared further attacks by strikers on other mines and the town of Walsenburg.

Orders to remove a detachment of fifty state troops to Walsenburg have been sent to Col. W. A. Davis at Ludlow.

All interest centers on federal action as a result of the request of the state union and mine officials, that United States troops be sent to compose the situation.

No Orders Issued to Troops.
Washington, April 27.—After a long conference tonight at the white house between president, Sec. Garrison and Senator Thomas, Secretary Garrison announced that no orders sending federal troops into Colorado would be issued tonight. He said the situation would be taken up again tomorrow morning.

The president had before him at the conference a pile of telegrams from representatives of the mine owners, miners, state officials and private citizens in Colorado practically all of them appealing for federal troops.

Officials at the white house indicated that a final report from Representative Foster who interviewed owners of the mines in New York today was desired before the president reached a decision. Colorado members of congress, however, expected that the orders for movement of the troops, probably from Fort Russell, would go out tomorrow morning.

MICHAEL MAHONEY SUFFERING FROM SENILE DEMENTIA

NEW YORK, April 27.—After an examination today by the commission appointed to inquire into the sanity of Michael P. Mahoney, the aged crank who woulded Corporal Counsel Frank L. Polk in an attempt to kill Mayor Mitchell, two physicians said that Mahoney was suffering from senile dementia and was irresponsible at the time of the shooting.

When led on by his questioners, who remarked that he was a poor shot, Mahoney said he had not missed his aim but had shot at Polk when he saw that he was in the way. The commission will shortly file a report of its findings.

TO SIT WITH MISSOURI BOARD

Chicago, April 27.—The Illinois Public Utilities Commission will sit with the Missouri Utility board on May 1st, to consider plans for the reorganization of the Wabash railroad, according to an announcement today by Chairman James E. Quan. The Illinois commission will finish its present hearing in Chicago Thursday and leave for St. Louis Thursday night, he said.

PIRATES LOSE BATS.

Chicago, April 27.—Fifty bats belonging to the Pittsburgh National League baseball club have disappeared from the ball park and today Fred Clarke appealed to the police department to find them. The bats were overlooked when the players left the ball grounds Sunday afternoon and they were missed today.

GEN. CARRANZA AND VILLA MAY COMPOSE THEIR DIFFERENCES

Relations Between Two
Commanders Is One Topic
of Discussion In El Paso

TO MEET IN CHIHUAHUA

Leaders Meet In Chihuahua,
Presumably to Discuss Rebel
Attitude Toward United States

MAY DECIDE COMMAND

EL PASO, April 27.—The relations between General Carranza and General Villa suddenly became one topic of conversation here today upon dissemination of information brought in by refugees and the sudden departure of Villa for Carranza's headquarters in Chihuahua. The two leaders will meet tonight, perhaps, to compose their differences over the attitude which the constitutionalists shall hold toward the United States and over grave problems of military command. Refugees brought word that affairs between them had reached a stage where one or the other must accept a distinctly second position in the revolution.

Villa had contemplated a longer stay at Juarez, but last night on receipt of certain telegrams from the south, suddenly announced that he would leave in the morning.

"Have a train ready for me in the morning," Villa ordered. Villa invited Roberto V. Pesqueira, Carranza's confidential agent here to go with him, but Pesqueira who is the constitutionalist minister of the interior, although he holds no portfolio, pleaded pressure of business here and the train after waiting five hours departed without him.

Significance was attached also to the departure of Rafael Zubaran, Carranza's minister of the interior for Washington. He left at 10 o'clock this morning and every effort was made to conceal the act. With Pesqueira here and Zubaran in Washington there will be a complete chain for communication with the latter city through agents thoroughly familiar with sentiment in northern Mexico with military politics and the exchange over the occupation of Vera Cruz. Carranza is still awaiting a reply from President Wilson or Secretary Bryan to his disturbing note of last Wednesday. This note Carranza's aides have repeatedly explained was intended as the basis for further diplomatic exchanges but among them the impression is growing that there will be no reply. Carranza asked that the American forces be withdrawn from Vera Cruz and the president has since made it clear that he has no such intention at present. The situation along the Texas, Arizona and New Mexico border was regarded as more reassuring.

Refugees reported that they were not ill-treated. Rebel commanders everywhere received warnings to treat foreigners and their property with every respect and not to pay heed to exaggerated reports of strained relations with the United States.

Will Decide Command.
That a crisis in the relations of Carranza and Villa is indicated is a private letter received from that city today and by information in the possession of well informed officials here. Harmony will be re-established, it is said, or a complete rupture will occur. Villa's determination to return to Chihuahua was taken suddenly late night on receipt of important messages from his aides in that city. He had not intended to leave for several days.

RUSH PREPARATIONS FOR WAR AT GALVESTON

FREIGHTER BEING TRANSFORMED TO
TRANSPORT AND LOADED

Freighter San Marcos Being Chang-
ed and Hurriedly Loaded With
Supplies—Will Sail Early This
Morning for Vera Cruz With
Troop of Cavalry and Several
Batteries of Artillery.

GALVESTON, Texas, April 27.—The note of peace sounded in the Mexican mediation negotiations today brought no echo here, where the task of transforming the freighter San Marcos into an army transport was rushed and the steamer loaded with supplies and made ready to sail early tomorrow for Vera Cruz with a troop of the sixth cavalry and several batteries of the tenth field artillery.

The army here is moving all its available field artillery into Vera Cruz to be prepared in event of a long campaign in the mountain passes on the way to Mexico City should war be declared. Three hundred and forty artillery and cavalrymen were ready at Texas City tonight to board the San Marcos. With 16 mountain guns that were sent away on the Sattila yesterday and the batteries will be ready to take the field at Vera Cruz within the week.

While Brig. Gen. G. G. Davis, in command of the army here would give no hint of plans for moving troops, it was reported that artillery was being given preference over cavalry in the despatch of men to Vera Cruz.

There are 300,000 rations at Vera Cruz, with additional supplies going on the San Marcos. Col. Krantz of the quartermaster's department said tonight that the army had an additional three months' supplies in Galveston ready for shipment. Tents, blankets and other camp equipment are also in storage here. Officers of the medical department say that the four thousand soldiers who have gone to Vera Cruz are in fine physical condition to live in the tropics as all of them have spent a year under gulf of Mexico coast conditions at Galveston. A detachment of the army signal corps is expected tomorrow from Fort Leavenworth while several army aviators are enroute from San Diego.

HEARINGS ON TOLL REPEAL BILL CLOSE

COMMITTEE WILL BEGIN CONSIDER-
ATION IN EXECUTIVE SESSION

Senate Canals Committee Reported
About Evenly Divided For
Against Repeal—Executive Delib-
erations May Last Two Days.

WASHINGTON, April 27.—Hearings on the bill to repeal the free tolls provision of the Panama canal act were closed tonight and the senate canals committee tomorrow will begin consideration in executive session a report to the senate. The committee was said tonight to be about evenly divided for and against repeal. Chairman O'Gorman thought the executive deliberations might last two days, but it seemed practically certain that a majority will favor some sort of report so that the measure may be brought before the open senate during the present week.

Senator Simmons, who has been prominent in the fight for repeal of the tolls, tonight reported the bill with an amendment which would declare in substance that the United States waives no rights over the canal. Others suggested that owing to the division in the committee a report without any recommendation whatever could be looked for. In any case the big fight on repeal will be made on the senate floor where the debate is expected to last several weeks. The hearings of the committee began April 9th and continued without interruption until tonight. Scores of witnesses were heard and many different arguments, economic and legal, were presented.

At H. Phillips of Kensington, Md., expressed the opinion that the proper Yankee way for the Democrats to get out of a bad hole the Republi-

HUERTA GOVERNMENT FORMALLY ACCEPTS OFFER OF MEDIATION

Foreign Minister of Huerta
Cabinet Cables Accept-
ance to Spanish Envoy

IS SENT TO DIPLOMATS

Senor Rojas' Note Is At Once
Sent to Three South American
Diplomats—Hold Discussion

READY FOR NEGOTIATIONS

WASHINGTON, April 27.—Formal acceptance by the Huerta government of the offer of Argentina, Brazil and Chile to use their good offices to bring about an amicable settlement of the difficulty between the United States and Mexico was cabled to Spanish Ambassador Riano here tonight by Portillo y Rojas, foreign minister in the Huerta cabinet.

Senor Rojas' note was transmitted at once to the three South American diplomats who began a conference which lasted far into the night discussing the next move in their peace plan. Secretary Bryan on the part of the United States having accepted the offer of good offices when tendered Saturday first step now is completed and the way paved for actual negotiations looking to a peaceful clearing up of the situation. Neither Ambassador Riano, nor the peace envoys would make public the text of the Huerta acceptance. It was said however, that Senor Rojas replied briefly accepting the offer and thanking the South American plenipotentiaries and the Spanish ambassador for their good offices, with a reference to "the real spirit of solidarity between peoples of a same race."

No conditions are proposed in an offer of good offices consequently the reply from Mexico City was not expected to deal with conditions. That stage will be reached when the peace-makers formulate their plans and make known how they propose to use the good offices which have been accepted. It was suggested tonight that they probably would ask the Washington and Mexico City governments tomorrow for statements as to what each would demand in the event formal mediation were undertaken and that upon the nature of the responses to this request would depend the proposals next to be submitted.

Wilson Greatly Pleased.
Unofficial advices from Mexico City already had made it virtually certain that General Huerta would accept the offer of the peace envoys but the formal announcement tonight tended to further relieve the slackening tension of the crisis. The news was given to President Wilson who expressed himself as greatly pleased though he would make no further comment.

While house officials let it be known that they were earnestly desirous of aiding the South American diplomats in every way possible and that no announcements as to points that would be insisted upon by the United States would be made or anything else done at this time which might embarrass their efforts. Throughout official and diplomatic circles the belief was expressed that success of the peace makers so far necessarily would have a favorable effect upon the situation; that even though their efforts ultimately failed indirect diplomatic communication between the United States and Huerta government has been restored temporarily and the chance of a better understanding infinitely improved.

LAST TRIBUTE OF RESPECT
PAID PETER D. MEGGINSON

Large Number of Friends Gather at Point M. E. Church to Honor Memory of Citizen Held in High Esteem.—Sermon By Rev. W. A. Boyd.

Funeral services for the late Peter D. Megginson were held from the Point M. E. church Sunday afternoon at 12:30 o'clock, in charge of Rev. W. A. Boyd of the West Jacksonville circuit. There was present an unusually large number of friends and the church was filled and nearly as many standing on the outside.

There was a profusion of beautiful flowers cared for by Mrs. D. F. Coulter, Miss Bessie Middleton, Miss Carrie Gibbs and Miss Agnes Megginson. The music consisted of two solos given by Mr. R. M. Hockenbuhl, “Lead Kindly Light” and “The Homeland”, sung in an impressive manner, Mrs. R. G. Vasey acting as accompanist.

Rev. W. A. Boyd preached a forceful sermon from the text 1 Sam. 20:3, “There is but a step between me and death.” After relating the story of David and his words with Jonathan about the fear of Saul the pastor referred to the sureness of the statement in regard to the life of man today.

“How true it was of our departed brother,” he said, “while there was about his duties on the farm the angel of death came unexpectedly to him and called him to his eternal home. In special times of danger we all realize that death might be lurking near. In our present trouble with Mexico we felt that the men who are defending our rights as a nation are in imminent danger of their lives. But in ordinary life we do not give much thought to this subject. We go along daily and there is nothing which seems to indicate to us that death might not be far distant.”

But whatever our thoughts might be on the subject death is all around us. Just at this time of the year, everything in nature speaks of life. The trees are budding, the flowers are blooming, the grass is springing forth, everywhere about us we see life. But wait a few months, the tide will turn and the flowers will decay, the grass ceases to grow and all that is beautiful in plant life will fade. Science tells us that death lurks in the water we drink, the food we eat, every organism of life has a foe. And then too we are in constant danger from the elements without, lightning, storms, traveling in steam cars, automobiles, on ships. Skeptics have assailed the Bible on many points but on the sureness of death there have been no gainsayers. Too well they know the Grim Reaper is ever ready to strike us down without a moment's warning.

“What is death? Is it a leap in the dark, a severing of earthly ties, a decaying of the body, a blotting out of the body and its personality? It is the greatest calamity of the human race, the ‘bug bear’ of men; it is a terror to the heart of the bravest. What would be the result if death should come suddenly to you? It would all depend upon your readiness to meet him. Death has no fear to the man who has the promise from God, it is really no terror to him. Is there no help for those who have lost loved ones? I read of the life of Paul who said, ‘Oh death where is thy sting, oh grave where is thy victory.’ To Paul death was not a mere leap in the dark. He knew that the promise of Christ ‘that he that believeth on Him should not perish’.

“Death is the greatest treasure of the Christian. It is the entrance to a grander existence. It has no sting to him. It paves the way for that time of peace and joy which the future life holds out. Can you afford in the midst of death to close your heart to such an opportunity? All the great men of the ages, even to Lincoln and Gladstone, have affirmed their belief in the divinity of Christ. Its old story of Jesus of His life. There is no better place to think this over than right here, while our hearts are sad and we need the help of Jesus, for verily as our text says, ‘there is but a step between me and death’.

The pastor read a suitable obituary of Mr. Megginson. After the church services the funeral cortege moved to Liberty cemetery where burial was made. The bearers were: Messrs. C. G. Middleton, Robert Middleton, Edward Ranson, F. D. Coulter, V. R. Riley, H. H. Richardson, W. G. Richardson.

Among those to attend the funeral from Jacksonville were: Mr. and Mrs. Andrew Leck and family, Andrew Russell, Mr. and Mrs. James McDonald and family, R. M. Hockenbuhl, B. F. Lane, T. A. Chapin, Isaac Lazenby, Charles Rabjohns, F. J. Heintz, James C. McPherson. There were also a number present from Merritt, Riggs, Chapin, Virginia and Bluffs.

RAILWAY & LIGHT CO., WILL
GIVE AWAY CABINET RANGE

Expert From St. Louis Will Show Merits of Cabinet Gas Range at Demonstration Next Week—\$31 Article Absolutely Free.

A \$34 Detroit Cabinet Gas Range will be given away next week by the Jacksonville Railway & Light Co. The women of Jacksonville are invited to attend the demonstration which will be held every day next week in the room south of the company office on South Main street. Each visitor will be given a numbered ticket for the drawing which will take place Saturday, May 2. The demonstration will begin Monday and will be in charge of Mrs. Elizabeth Minish, head instructor for the Laclede Gas Co., St. Louis, who was secured by Supt. W. B. Miser from the Laclede officials for this one week only. Mrs. Minish is an expert cook and authority on domestic economy. She has made a study of household problems and will tell how to use the range to the greatest advantage and discuss the good points of cooking with gas.

FIFTY YEARS AGO.

Under the head of “Fifty years ago today”, the Inter-Ocean of April 25, had the following:

“President Lincoln has issued an order accepting the proposition made by the Governors of Illinois, Ohio, Indiana, Wisconsin and Iowa to furnish troops for 100 days' service for use in the coming campaign.”

“Governor Yates immediately issued a proclamation reciting the above fact and calling upon the citizens of Illinois to respond with 20,000 volunteers in the next twenty days. It closes as follows: ‘The people of Illinois have confidence in her sons and in the great commander, General Grant, whom she has given to the country, as well as in the armies under his command. Let us do all in our power to uphold and strengthen their arms. Glorious Illinois, in every period of this war you have done your duty! The shining achievements of your sons are the admiration of the world! In this most eventful hour you will not fail.’

Jacksonville furnished two companies under this call; one under Capt. R. C. Crampton, with many Illinois college men, went into the 145th Ill. Vol. The other, under Capt. J. Floyd Longley, entered the 133rd Ill. Vols. Capt. Crampton became Lieut. Col. of the 145th, and Geo. R. Bibb became captain.

Capt. Longley became major of the 133rd, and Geo. W. Smith (lawyer) became captain.

One or both companies came home in September, 1864.

OBITUARY.

Michael Loneragan, youngest son of Mr. and Mrs. Thomas Loneragan, died at our Savior's Hospital Friday morning at 6 o'clock after an illness of five days. His death was caused by an acute attack of peritonitis. He was 17 years, 1 month and 7 days old and was of a noble and loving disposition. He passed to his eternal reward as brave and noble as a martyr. In his last hours he knew no pain and went to his reward calmly and peacefully.

He leaves to mourn him, his parents and four beloved sisters, Mary F., Josephine C., Nora, Rosaline E., and one brother, Thomas, Jr., as well as a large number of more distant relatives and friends.

He is gone but not forgotten. Never shall his memory fade. Loving thoughts shall ever linger Round the grave where he is laid.

He is gone and we shall miss him. We shall miss him everywhere. Home without him will be barren. With our dear Mike no longer there.

Yet again we hope to meet him. When the days of life are fled, And in Heaven hope to greet him. Where no farewell tears are shed.

BIRTHDAY SURPRISE PARTY.

Mrs. Charlotte Cox was very happily surprised Sunday on returning home from church to find thirty-six of her children and grandchildren had assembled at her home on the Mount to celebrate her 80th birthday. The occasion was made very pleasant by Mr. and Mrs. George Cox who live at the home place and all praise is due Mrs. Cox for the bountiful dinner served.

Mrs. Charlotte Cox is a native of England and came to this country nearly sixty years ago, and is remarkably active for a woman her age. For many years Mrs. Cox with her husband, now deceased lived on their farm near Chapin, where she has a host of friends who remember her for her many acts of kindness in time of sickness and death. She was never found wanting in time of trouble, and is one of those kindly motherly women you love to meet, and we extend our congratulations to this noble woman, and wish her many happy returns of the day.

The Real Economy

We have specialized in offering quality goods in bulk in our grocery department, many of the lines in bulk, but handled in our high class sanitary way which insures the quality and gives the lower price levels. We are finding out daily too that customers appreciate the service we are giving them, a service which gives “the best and the most for the least money.” Real economy in buying comes only when the store patron finds that he is not only saving money but that he is securing goods of staple quality. We are able to meet this requirement because we use an intelligence, based on long experience in buying. When we do our buying we have our customers continually in mind and their interests are our interests. The double service, in grocery and drug departments, which this store affords is another reason for the satisfactory service which is afforded our patrons.

SOUTH AMERICAN MEDIATORS HOLD MANY CONFERENCES

(Continued from Page One.)

tonight, "seems to be that this action of Argentina, Brazil and Chile is in many respects the most significant and far-reaching event in the history of the American republics since the declaration of the Monroe doctrine and it is hoped that the press and people of the United States will try to curb the rising war spirit and give the mediating nations strong moral support in their efforts for peace."

While Secretary Bryan and government officials expressed a disinclination to discuss the mediation plan during its present stage they said it had not reached the point of actual proposals. The American government simply has formally expressed its willingness to listen to any plan of intermediation which the representatives of Argentina, Brazil and Chile may formulate. Huerta has informally shown his readiness to bend a listening ear to the peace plans of the South American envoys. When formal acceptance comes from Huerta, formal proposals will be made simultaneously to the American government and the Huerta administration.

The attitude of the administration has long been established that the elimination of any final settlement of the Mexican problem. This view was reiterated as recently as Saturday at the white house when senators and representatives were consulted as to the proposal of good offices. But while maintaining this view as to what would ultimately be essential to a real settlement there has been no formal submission of such a condition to the envoys, now entrusted with the work of conciliation.

While the Latin-American envoys bent their energies today toward negotiations of peace to the war and navy departments directed their activities toward the bringing of Americans out of Mexico and the transfer of the situation at Vera Cruz from the navy to the army with the arrival of Brig. Gen. Funston and his army brigade tonight.

Throughout the day, in consular despatches to the state department and in reports from the naval commanders in Mexican waters came reassuring messages as to American refugees. Arrangements were completed for getting all Americans out of Mexico and Admiral Badger from Vera Cruz reported arrangements for train service on either side of the broken railroad between Mexico City and Vera Cruz. Refugees were reported safe at Tampico Puerto, Mexico, and other east coast points with arrangements under way to get them to Galveston and Admiral Howard on the west coast reported the Monitor Cheyenne on the way to San Diego with refugees from Ensenada.

May Suspend Immigration Laws.

Partial lists of Americans held at Aguas Calientes were forwarded by Consul Canada at Vera Cruz but he was unable to give any information as to those held at Orizaba.

The Japanese ambassador in conference with Secretary Bryan obtained permission for Japanese leaving Mexico to take refuge in the United States although this will necessitate a suspension of the immigration laws.

Refugees from the east coast continued to reach Vera Cruz in various vessels. War talk in congress was supplanted by a spirit of conciliation pending the mediation negotiations with Mexico. There were surface outbreaks in the house, mostly along political lines but the under-current of gossip which last week had grown into a formidable sentiment that the president should adopt extreme measures, almost disappeared during the day's session of the house. In its place were interest and curiosity regarding the outcome of the efforts of the South American republics to appease the situation.

Chaplain Coudon of the house in opening the proceedings referred to the pacific efforts under way. Meantime the more radical element in congress is withholding criticism pending the results of the negotiations.

No war measures have yet been drafted in the various committees and no special meetings of the foreign affairs and foreign relations committee have been called to consider any new phase of the question.

The prevailing sentiment at the capitol today was that the president should have full opportunity to work out the mediation program.

The Mexican discussion in the house took a wide range. Representative Mondell of Wyoming arraigned consuls General Canada and Hann for making what he said were exaggerated official reports of occurrences in Mexico, calculated to inflame public sentiment.

Reports Noisy Demonstrations.

The white house tonight made public the following telegram from James A. Scrymgeour of New York, addressed to Secretary Bryan:

"I am just in receipt of the following telegram from the Mexican telegraph company's superintendent officials of the City of Mexico, Mexico:

"There have been some noisy demonstrations here and insignificant damage to American property but no injury that I have heard of to Americans or other foreigners."

WILL ILLUSTRATE "ELECTRA" WITH STEREOPTIC VIEWS.

The "Electra" of Sophocles, the subject of Prof. Rollin H. Tanner of Illinois college, this evening at the library will be presented in a manner interesting to the general reader and book lover as well as from the viewpoint of a thorough student of the classics. The address will be illustrated with a very fine selection of stereopticon slides which Prof. Tanner secured a short time ago for this particular occasion. This will be the last of the Tuesday evening series at the public library. The public is cordially invited to attend this lecture which will begin promptly at 7:45 and is free to everyone.

We Keep Your Suit New!

The man who does not have his clothes dry cleaned and pressed frequently,—does not get the full wear out of them.

Long before the clothes are worn out the lapels droop over, the coat front breaks, the sleeves wrinkle and pull out at the elbow, the trousers become baggy and lose their shape at the bottom, and the entire suit looks old and disreputable.

Our service keeps them clean and fresh, keeps them shaped right and fitting perfectly until they wear out. It's not only an aid to good dressing—but a real economy, as well.

Take advantage of it frequently.

To the Voters of Morgan County

The special election to choose Judge Owen P. Thompson's successor as Circuit Judge will be held Tuesday, April 28.

The successful candidate at this election will be the presiding judge of the Morgan County Circuit Court.

It is important to this county that he be a man in every way qualified to perform the duties of this high office and one who will give to the court business of this county the time and attention which our large court docket requires.

Every voter of Morgan County should therefore go to the polls next Tuesday and vote.

Hon. Norman L. Jones, of Carrollton, the Democratic nominee is entitled to the support of Morgan County voters. His ability and high standing as a lawyer are not questioned. The fact that at the recent primary his home county of Greene gave him a majority of over 1,700 is as strong a testimonial as could be given any man.

Sangamon and Macoupin Counties each has a resident judge. Mr. Jones's defeat would leave the four smaller counties of the circuit without a resident judge.

We believe a judge living in one of the smaller counties will give to the court business of our county more time and attention than would a judge from one of the larger counties. Mr. Jones has pledged himself to give us all the time he can in order that we may suffer as little as possible from the loss of a resident judge.

We urge the voters of Morgan County to go to the polls next Tuesday and vote for Norman L. Jones.

Democratic Central Committee for Morgan County.

A. D. Arnold, Chairman.

E. P. Brockhouse, Secretary.

We are authorized to publish the following statement from Judge Francis E. Baldwin, who was Mr. Jones's opponent in the primaries.

The judicial election to choose the successor of Judge Thompson will be held next Tuesday, the 28th. The Democratic nominee, Hon. Norman L. Jones is an able lawyer and will make an excellent judge. I am very desirous that he should receive a large vote in this county and I earnestly request you to vote for him, and to urge your neighbors to do likewise.

Indifference or apathy,—failure to vote—may result in the election of the Republican candidate, who lives in Springfield, thus giving Sangamon County two of the three judges in this circuit. Every Democrat in this county should vote for Mr. Jones. Please do not neglect this important duty.

Very truly yours,
 F. E. BALDWIN.

Conflicting reports regarding rebel operations continue to come from the capital. The officials of the government and the newspapers insist that the rebels are gaining no ground, but private confirmation reports that great headway has been made, that San Luis Potosi has been taken and that the federals generally are disorganized.

General Valesco who was defeated at Torreon by Villa and in the subsequent fighting in that district has succeeded in reaching the capital according to late advices with a mere handful of the forces which had been placed under him to defend Torreon. General Valesco was wounded in the arm and in the leg. He was accompanied by General Argumedo who was seriously wounded. General Pena was left among the dead. With General Valesco were 400 wounded soldiers. All the remainder of his force were killed or injured or captured or deserted to the rebels.

Last Mexican Flag Disappears.

With the lowering of the flag on the Fortress of San Juan de Uloa this afternoon the last Mexican flag disappeared from Vera Cruz today, almost simultaneously with the raising of the American colors. The new bunting which had flown proudly from the staff on the fortress in the inner harbor since the landing of the American forces was hauled down by the commandant and the arms of his eighty men were turned over to the marines who took possession at the request of the Mexican authorities. A food riot had occurred among the 300 prisoners confined in the fortress and had caused the commandant to appeal to the captain of the port, Commander Herman Stickney for air. Commander Stickney with a detachment of marines from the North Dakota landed at the ancient structure just before dark. Doctors had previously inspected the fortress and found the sanitary conditions unsatisfactory. The disposition of the Mexican soldiers and any political prisoners will be decided on tomorrow.

THE CHARM OF MOTHERHOOD

Enhanced, By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

GIRL BRIDE PLAYS BIG PART IN U. S. HISTORY

INTERCEPTS AND WITHHOLDS IMPORTANT GOVERNMENT ORDERS.

History of Three States on Pacific Coast Hinges Directly Upon High-Handed Act of Insubordination of Mrs. Freemont, Wife of Explorer.

St. Louis, Mo., April 27.—Seventy-one years have elapsed since an eighteen-year-old bride in this city played a tremendous part in the history of the United States by intercepting and withholding important government orders. The history of at least three states on the Pacific Coast hinges more or less directly upon this act of insubordination, pronounced at the time, far and wide, as high-handed, but later justified by the exigencies of the times. The bride was Mrs. Jessie Benton Freemont, wife of John C. Freemont, the explorer and statesman, and daughter of Thomas H. Benton, for many years a senator from Missouri.

Early in 1843 Freemont received from the United States government a commission to undertake the second of his noted expeditions of exploration to the Northwest, then a vast, uninhabited region, the ultimate destiny of which hung in the balance. In obedience to it, he came to St. Louis from Washington and immediately set about outfitting his expedition, with his young wife acting as his secretary.

It is a matter of history that during the first third of the last century there was a powerful sentiment, both in and out of Congress, against extending the dominion of the United States to the Pacific Coast. Such senators as Webster and Calhoun were opposed to it and for the most part were able to influence Congress to their beliefs. On the other hand, Senator Benton, following his first election in 1821, became a staunch advocate of Western expansion and was able to command a large following, through whose efforts the various expeditions of exploration were authorized.

In outfitting his expedition, Freemont took the liberty of adding a 12-pound brass howitzer, secured from the government arsenal at St. Louis upon the representation that he needed it as a defense against possible hostile Indians.

News of this acquisition, it appears, was carried hastily to Washington, where the announcement created something of a sensation in governmental circles. The element not especially friendly to the expedition declared that the taking of cannon into foreign or neutral territory constituted an act of hostility which might involve the government in grave eventualities. This view appears to have been shared by the head of the Topographic Bureau, under whose direction the explorations were being made, for he straightway dispatched sealed orders to Freemont at St. Louis, directing him to halt the expedition and report forthwith at Washington for the purpose of giving an explanation of his action.

Freemont had left St. Louis for the west in April, shortly before the arrival of these orders. Mrs. Freemont, as his secretary, being instructed to open his mail and forward by courier such documents as might appear important. He was still within easy recall, having proceeded but a short distance into what now constitutes Kansas upon the day of the arrival of the important post.

The young Mrs. Freemont, who was thoroughly imbued with the ardor of her husband and father for western expansion, thought she discerned in the peremptory orders a subterfuge to defeat the purpose of the expedition. For her husband to proceed to Washington, she well knew, would require weeks and make impossible any journey to the Northwest during that season. Senator Benton was absent; it was before the days of telegraph; she had no one with whom to counsel. Thus, beset, the young wife resolved to suppress the orders.

Summoning one of the fast couriers at her command, Mrs. Freemont dispatched a message of love to her husband, urging him at all hazards to hasten his departure from the farthest fringe of civilization and to pass beyond the Rocky Mountains as quickly as possible. There were hints of a reason in the message, but the reason was not given.

Thus, Colonel Freemont proceeded upon a journey of months all unconscious that his presence in Washington was daily expected. There was another sensation at Washington when the expedition practiced by the young bride became known. It was stated that Freemont would be arrested and court-martialed as soon as the government could lay hands upon him and that his wife might also suffer prosecution. Nothing came of these threats, however, and when the explorer finally did reach Washington, months later, he found praise and promotion instead of prosecution, while his secretary was regarded as something of a heroine because of her part in the success of his expedition.

The Freemont party dragged that wheel-mounted cannon across the trackless mountains and plains far to the Northwest, almost to the present site of Portland, Oregon. Returning it was conveyed down the eastern slope of the Sierra Nevada Mountains to about the point where the Central Pacific railway now surmounts that range. There, in attempting to cross into California, the expedition was caught by the snows of winter and the piece had to be abandoned. At Lake Tahoe, nearby, it rests today—silent memento of a girl's defiance of the government of the United States.

ALEXANDER'S NEW CHURCH DEDICATED

IMPRESSIVE CEREMONIES TOOK PLACE SUNDAY WITH LARGE AUDIENCES.

Handsome Edifice is Free from Debt and a Credit to the Community—Liberality Made the Church Possible—Dedication Sermon Preached by Dr. W. J. Davidson—Other Services.

Sunday was surely a red letter day in the annals of the Methodist Episcopal church of Alexander for it witnessed the dedication of the beautiful new edifice which has just been erected. Everything from start to finish passed off successfully and without a hitch or mishap reflecting great credit on both pastor and congregation.

Dr. W. J. Davidson, professor of biblical literature in Garrett Biblical Institute was the chief factor in the dedication services, those assisting being Doctor F. A. McCarty, district superintendent, the pastor, Rev. N. R. Johnson and Rev. Peter Kittel of Franklin.

The grand rally was a success and about \$2,730 was raised in response to a request for a deficit on debt of \$2500 so that the fine structure is free from debt.

The opening program for the morning as already printed in the Journal was carried out. The pastor, Rev. N. R. Johnson welcomed the people to the exercises of the day and said it was the culmination of a long and earnest effort and a proud and happy day for the people of the Alexander M. E. church. The worthy gentleman had good cause to take a pardonable pride in the new house in the erection of which he had done so much along with his faithful people. He then introduced Rev. W. J. Davidson, D. D., the speaker of the morning. The speaker took for his text Job 30:25-30: "Lo, all these things worketh God oftentimes with man, To bring back his soul from the pit to be enlightened with the light of the living."

Church a Credit to the Town.

Of the discourse a brief extract is given. "We are here today to put ourselves in a position to dedicate this new church. I sincerely congratulate the congregation on this fine edifice. It is a real credit to the town and the people. In fact I am surprised that such a beautiful and substantial church could be erected in a place like this of Alexander and by a society with such a small membership. It is certainly a tribute to the pastor and fidelity of the people."

"In days of old the Greeks excelled in culture, philosophy and art; the Romans in law and military achievements while the Jews had the greatest genius for God. Law cases and reports are largely governed by precedents. In farming there is a season for all things. You will find no man threshing or harvesting in this vicinity at this time of the year. Methods of farming may change but the seasons ever remain the same."

"This is measurably true in politics. One speaker extols his party and decries the other, he is followed by one on the other side who does the same thing. One claims adherence to true Jeffersonian principles and yet to the doctrines of Hamilton and if these men could come back to earth today they would have to search long to find much of the doctrine they taught during their lives. The world he smart young man returning from a college course disdains the good religion of his father and claims to be governed by reason and not by the doctrines now antiquated yet in the laboratory, mathematics and all his studies he is governed by precedent and the deeper he goes into the mysteries of nature the greater the need of God. It is not the deep but the shallow thinker who casts discredit on faith."

The Value of Precedents.

"It is reasonable to refer to precedents. What man has done man can do. Churches have been dedicated free of debt and may be again. By the ministry of affliction God reminds us of our duty to him. I was once called to the home of a family who had lost their only son and their grief was pitiful. A few days after I called again and the father asked me if I felt sure his little boy was in heaven and I assured him I thought so and then there he said he meant to go to live that he would go to meet him. His wife brought out a church letter she had long kept without presenting it and the two became faithful, devoted Christians."

"From what pits we are dug. There is the pit of churchly indifference. A man once brought to my church his letter and united but he would do nothing. In vain I begged him to take a part in some department or other. Finally during a season of interest he came forward with his son and made a profession and from that time forward was faithful and zealous."

"Then there is the man of such deep religious fervor but who stops right there. I once knew a man whose talk was soul inspiring and he seemed to live in the very presence of his Redeemer. He was a man of wealth and when I was raising money for the conversion of the world I went to him expecting a large contribution but the result of long and earnest pleading was fifty cents. We are here today on an auspicious occasion. The Master wants to know what we are going to do; let us give Him freely and liberally."

Then came the heroic effort and Dr. Davidson showed himself a master hand. He first asked a dollar from each person present and in that was secured about \$137. Then came the grand rally and some who

had already given liberally added more.

The Formal Dedication.
The dedication then followed, the trustees, Messrs. John Erickson, John Snyder, Fred Six, Luther Wiley and W. E. Keenan presenting the church to the people for the worship of God.

The fine work of the choir deserves especial mention. It was composed of Annie Colwell, Irving Westlake, Jane Colwell, Mrs. J. T. Little, Elizabeth Snyder, Mrs. F. B. Six, Mrs. E. J. Kumle, T. B. Six, Mrs. Luther Wiley, Luther Wiley, Miss Kathryn Kaiser, W. E. Keenan, Claude Keenan, Mrs. Westlake, Wm. Alabaugh, Ra' Black and Rachel Hall.

Then came dinner in the basement and all were invited to eat without money and without price. All was most admirably managed and the service was prompt and excellent. The list comprised all that heart could wish in quality, variety and quantity and it was fully enjoyed.

Sunday Afternoon.

The address at the afternoon service Sunday was made by the Rev. F. A. McCarty of this city, superintendent of Jacksonville district. He spoke very fittingly of the "Mastery of Jesus," touching upon the part played by the Christ in our everyday lives. The service was begun at 2:30 with the singing of the hymn "Coronation." Rev. C. M. Manchester of the Baptist church at New Berlin offered the prayer and Rev. Mr. Johnson of Alexander read the scripture. The Bible reading was followed by a double quartet selection "Work, Watch and Pray" sung by Claude Keenan, Wilbur Keenan, F. B. Six, Rev. N. R. Johnson, Luther Wiley, Ray Black, Irvin Westlake and William Alabaugh. After the sermon by Dr. McCarty the audience sang, "Savior, Like a Shepherd Lead Me" and a number of new members who recently made their profession of faith were taken into the church by the pastor, Rev. Mr. Johnson. A communion service followed, conducted by Dr. F. A. McCarty and the service was closed by short addresses by three of the visiting pastors, the Rev. C. M. Manchester of New Berlin, the Rev. W. J. Rainey, pastor of the Presbyterian church at Pisgah and the Rev. Peter Kittel of the M. E. church at Franklin.

What is it to be a Christian? asked Rev. Mr. McCarty at the beginning of his address. "At one time Christianity was measured in terms of creeds, but nowadays creeds are losing their power. Some may say that to have a tremendous experience is to be a Christian, to follow the religious forms prescribed by the church or to keep the commandments, but I say that the Christian is he who follows Jesus Christ."

Rev. Mr. McCarty defined religion as "the personal influence of God on the life of man." He spoke of the advantages of surrendering to the will of God and coming under his influence and decried the common human tendency of yielding merely to material things.

Dr. Davidson's Evening Address.
"The Place of Christ in Character Building," was the subject of Rev. Mr. Davidson at the evening service. Building upon the illustration of "Christ the Carpenter," he spoke of the importance of securing a master architect, for the building of character as well as for the construction of the ordinary house or man-made edifice. Christ is not only a designer, an architect, but a builder also. He is both pattern maker and carpenter. He is our exemplar and at the same time our aid and helper.

"On the tomb of the poet Longfellow there is the inscription 'Lux Dux, Lex Rex,' a text I think we might well take note of here for in the consideration of the Master Builder there is continually brought to mind His relation to light, to leadership, to law and to kingship

and the kingdom. The Light of the World, Christ, is also the leader of men and the fulfiller of law. He is our king and in his kingdom he will rule forever. He is light and to the soul willing to follow in his path, he will impart light. Himself a leader, Christ is preeminently able to impart leadership, to build into the forming character those qualities of moral insight, moral foresight and moral courage which set the leader above his fellow men.

"Many Christians do not understand the relation of the Christ to law. Conscious of the Divine Mercy in this age of Grace they see not the law as it really is. Christ did not abrogate one moral commandment of the Old Testament. He fulfilled them and intensified them. He showed that he who entertains a false desire or covetous thought, commits sin. Again, Christ is the Lord, supreme in his kingdom, he will build into our characters the vision of the higher perfection and in the kingdoms of each of us reign supreme."

By WALT MASON.

Come into the garden, Maud, from your divan soft and snug; for the springtime is abroad, and the garden must be dug. Come into the garden, do, and you'll know what labor means; we'll toil the long summer through, and harvest a pint of beans. The winter's an also ran, spring's here, with its wrens and doves; so come with your sprinkling can, and come with your leather

the call of the soil is heard, the call that old Adam knew, and though it's a thing absurd, we'll toil as our neighbors do; our labor is all in vain, we know ere we do stroke, and the garden is a joke. For outworn men will take the corn, and chinchbugs destroy the peas, as sure as that we were born to toil with such tasks as these. The hail will destroy the beets, and also the succotash, and when we desire green eats, we'll buy them and pay the cash. But come to the garden, Maud, regardless of things like these, get close to the fertile sod, and crawl on your hands and knees. Come forth to this verdant scene, away from your Persian rugs! Oh, come with your Paris green, to kill the potato bugs!

AGAINST ALLEGED COTTON OIL TRUST.
Jackson, Mich., April 27.—The anti-trust suit of the state of Mississippi against the American Cotton Oil company and concerns alleged to be allied with it was called for trial here today. Ninety-eight defendants are named in the suit. The attorney general seeks the dissolution of the alleged combine and the collection of \$227,000,000 in fines for alleged violations of the state's anti-trust law. More than 400 telegraph agents and operators in all parts of the state have been summoned to testify as to messages that have passed between the company officials and the oil mills.

CITY COUNCIL MET MONDAY FOR VERY BRIEF SESSION.

Resolution Granting Authority to the C. P. & St. L. For Track Extension Granted.—Park Place Residents Desire to Remove Trees.

The city council held a brief and harmonious meeting Monday morning. All were present except Commissioner Newman, who is ill. The minutes of the preceding meeting were read and approved. The resolution to confer in the wish of the C. P. & St. L. and Burlington roads for the connection at Independence avenue was approved.

Commissioner Engel said some people on West Walnut street wanted to construct some concrete sidewalk and wanted accurate lines and grades and the city engineer was instructed to attend to same.

Commissioner Knollenberg presented a petition from residents along Park Place for permission to remove some trees that were in the middle of the street. They were willing to do so if the council would grade up the street. The street in question is a short one lying between south East and south Main streets and extending from Michigan avenue to Superior avenue. The mayor said the title to the land of the street had not yet been satisfactorily settled. In 1886 Arthur E. Prince had vacated ten feet on each side of said street or alley but the rest of it was in doubt and would have to be looked up.

J. W. Olroyd appeared and spoke for himself and some of her adjacent property owners. The city attorney was instructed to examine into the matter and report. Adjourned.

WRITES FOR DIXIE SHAFT.

Washington, April 27.—This was the date originally fixed for the unveiling of the confederate monument in Arlington National cemetery, but owing to unavoidable delay in constructing the base for the memorial the unveiling has been postponed until June 4. On that date the ceremonies of the unveiling will take place and will be accompanied by the elaborate program already arranged. Col. Hilary A. Pierpont, former secretary of the navy and president of the monument commission, will preside. The funds for the monument were raised by the United Daughters of the Confederacy and the president general of that organization will formally turn the memorial over to President Wilson, who will deliver an address of acceptance in behalf of the nation. Former President William H. Taft, who directed that a site in Arlington be set aside for the monument, also will be a speaker at the unveiling ceremonies.

COLUMBIA CAPTAIN PREDICTS VICTORY AT POUGHKEEPSIE.

The Columbia university rowing squad has rounded into excellent form for the big contests of the season. So far as the outlook for the varsity is concerned, Captain Tisdell is making very optimistic predictions. He says he has a sure winner for the national regatta at Poughkeepsie.

The Cubs are unable to shake off the Murphy hoodoo. At home the team is unable to draw more than a handful of the faithful, while their first road trip was a prolonged frost. Murphy's bluffs last fall, that the Cubs were his peaches seems to have struck the baseball public a solar-plexus, because thus far nobody shows a desire to shake the tree.

EAGLES WIN FROM FRANKLIN.

The first game of the local baseball season was played at Nichols park Sunday afternoon when the Eagles of this city defeated the Franklin team by a score of 3 to 1.

The game was won for the Jacksonville men in the eighth inning when scores were made by Woods, Sims and Arisman. The game was featured by the pitching of Hassler for Franklin and work of "Happy" DeFrates, who played short stop for the Eagles. Franklin made their only run in the third inning. The batteries for the Eagles were Sims and Clark and for Franklin, Hassler and Longman.

SLAYER OF POLICEMAN ON TRIAL.

Newark, N. J., April 27.—The case of Salvatore Lepone, charged with the murder of Policeman John J. McGovern, came up in court today for its second trial. The killing of the police officer occurred October 13, 1912. Lepone was convicted, but he appealed. The conviction was reversed on the ground that an intercepted letter to an attorney, which gave the details of the crime, was a privileged communication and should not have been admitted as evidence.

SOME OFF-SIDE CHUTES.

The jingo affair south of the Rio Grande seems not to attract one iota from the interest displayed for four months past in the war of organized baseball against the outlaw baseball. The former organization is invoking law by injunction against the Feds, while the latter is calling upon its bankroll of several million dollars to employ lawyers who are going into the courts of equity and demanding damages because o. b. continues to "waylay" their "talent" and induce players to jump. The war to many baseball lovers looks serious; but to the fan who has watched the inside trend of affairs, the big noise is all for effect, and when the blow-off has arrived we will find the two big leagues enlarged to twelve or ten-club combinations and the smaller city Feds will be added to one of the class AA leagues—the American association or the International league. This has been the intention of the Federal promoters ever since ample capital was placed behind them last January. When Charles W. Murphy was eliminated from baseball last winter an effort was then made to satisfy the backers of the new league, but all attempts to dislodge two other magnates in organized baseball came to naught, and as there was not room sufficient for all of the Federal capital in Cub stock, negotiations ended. When the "big stick" lands on one of the St. Louis clubs and cracks the flag-pole in another middle western park, and when a certain eastern magnate has had a can tied to him by organized baseball, all this bluff and bluster will end. Then the contracted player will again become the same old chattel, the same old slave to the same old combinations—the reserve clause, the waiver and the ten-day notice, perhaps.

Joe Tinker's belch when he took hold of the Chicks, that all of the Federal clubs would list at least seven stars, seems to have been made to the galleries. There is not one club in the combination ranking any better than semi-pros. The stars are all used-to-be phenoms, and the rookies are mediocre. True, if the hawks that are now cast land the fish, the Feds may yet show an average of seven stars.

The Cubs are unable to shake off the Murphy hoodoo. At home the team is unable to draw more than a handful of the faithful, while their first road trip was a prolonged frost. Murphy's bluffs last fall, that the Cubs were his peaches seems to have struck the baseball public a solar-plexus, because thus far nobody shows a desire to shake the tree.

Pittsburgh and Philadelphia have got away to a good lead in the National; but they will remain there only a short time. The tribe of McGraw always is slow to get started. Once on the way, however, they will head-in easy winners. At present they are handicapped with several injured and lame players, who are rounding to form in grand shape.

Shano Collins is enjoying his usual spring craze. He is hitting about .760. When July and August roll around he will get back to his natural average—.231.

John Titus, a star of other days with Philadelphia, Boston, etc., now with White Wings Tebeau's Kansas City Blues, was burned on Saturday by one of Bill Burns' shoots at Minneapolis and was knocked senseless. It took several hours' efforts of doctors to revive the veteran, and it will be a long lapse of time before John again bends the wood against the sphere.

In New York the rabble has launched a new slogan: "Keep your eyes upon Chance and his Yanks." About the time the leaves are dropping in the fall a strong magnifying glass will have to be called into play to discover them in the dash for the pole.

Chicago fans can see nothing but the White Sox. Comiskey's auto got off to a good start on a smooth road, it is a fact; but from now on the road is rough and in the center of it are myriads of pointed spikes ready to puncture Sox tires.

Frank G. Menke and other syndicate space writers continue to make bobbles when they attempt to write about old-time baseball stars. Menke, for the Hearst syndicate, makes Clark Griffith pick an all-star team in which he writes Comiskey as the kingpin of all first sackers, with Fred Pfeffer as one the first rank among the guardians of the initial corner. Pfeffer, the world's star of the keystone sack, rid his frame of a hearty ha, ha! when he got a slant at that story, and Uncle Cap. Anson flipped back somersaults in Fred's Chicago thirst parlor when he learned that his old side-kick had "displaced" him in the annals of first basemen.

A MISSIONARY VISITOR. Mrs. Josiah Graham, a returned missionary from China, most pleasantly surprised her aunt, Mrs. Susie Kennedy, 616 North Church Street, yesterday. Mrs. Graham intends making her Jacksonville relatives a visit of a few days and will be most welcome. She and Mrs. Kennedy went yesterday to Hannibal to visit relatives a short time.

About Rheumatism.

People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about 99 out of a 100 cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Mrs. H. Miller, Logansport, Ind., writes: "I have used Chamberlain's Liniment for rheumatism and it always gives relief." To all dealers.—Adv.

LOOKING BACK OVER FIFTY YEARS.

At the recent jubilee celebration of the Literary Union Dr. D. W. Reid made an address in which he summarized in a very striking way the advances and happenings of the past half century. He said:

"We are here tonight to celebrate the 50th anniversary of the origin of the Literary Union. It is not 1914, but 1864 that we wish to commemorate, and it is to that distant year that our minds revert when we recall the birthday of this organization.

"My theme tonight is 'Fifty Years Ago.' Fifty years. Half a century! A year is our unit of measurement in computing time. To most of us a century savors of eternity. Only five centuries ago very little of what we now call civilization existed. Ten centuries since the whole world was in the middle of the dark ages. So rapidly do the centuries and the years roll by, that except as we stop to think, we cannot realize how large a portion of what we call modern history has been written since 1864. Yet here we are tonight to celebrate the anniversary of an organization that for half a century has kept an unbroken record week by week of the year ebb they became lost in the fathomless ocean of eternity.

"Fifty years ago! Men that were young when the Literary Union was born are old now. Most of us present tonight recall but little of what happened in those awful days of April, 1864.

"Let us step back for a moment and look at the world as it existed fifty years ago. Nations have been born and others have grown old since then. There was no German empire in 1864; Europe at the moment was in travail; about to give birth to the youngest born among the nations. A nation that within ten years to crush the power and humble the pride of haughty France. China was as yet uninfluenced by western civilization, and Japan was to us merely a name given to a fringe of islands along the coast of Asia. Italy was struggling to break down the temporal power of the pope, and 50 years ago tonight Garibaldi was enthusiastically received in London and given the freedom of the city. Africa was still the dark continent, with Livingston trying to find the source of the Nile. The Suez canal was in process of construction. Canada was for the most part a wilderness, and Australia was still a dumping ground for British convicts.

"Fifty years ago there was no such thing as preventive medicine in its present sense. No aseptic surgery, no germ theory, no good hospitals, no trained nurses. There were no electric lights, no electric cars, no telephones, no automobiles; there was not even a bicycle. The Atlantic cable was still an experiment; and electricity was little more than a laboratory product. The golden spike had not yet been driven in the first trans-continental railway.

"Dickens had just laid down his pen. The ink was scarcely dry on the pages of his last book. Dickens was collecting material for Edwin Drood. Darwin had recently published his Origin of Species and revolutionized the thought of the world.

"Names that were household words in that day sound like ancient history tonight. Jennie Lind, Henry Ward Beecher, Florence Nightingale, P. T. Barnum, Tom Thumb, John C. Heenan, Flora Temple, Kit Carson. The Great Eastern, Cornelius Vanderbilt, were names familiar to every school boy.

"It is April, 1864. Over and above all, throughout the length and breadth of our land, overshadowing all thought and action, hangs the terrible pall of civil war. For three long dark years the war has been raging and the end is not yet.

"Abraham Lincoln sits in the presidential chair as he sits enthroned in our hearts tonight, with malice toward none, with charity for all, anxiously peering through the clouds of war, while over him hovers the Angel of Death. The emancipation proclamation has been hurled like a thunderbolt against the seceding states, but the abolition of slavery as an institution is yet to come.

"The success of the war at this moment is far from certain. There is a strong political element in the north declaring the war a failure and calling for peace at any price. The national credit is so low that it takes nearly three dollars in paper money to equal one in gold. The Union army is still calling for more men. The Alabama is still sweeping the sea with the beam of destruction, and England is sowing the seed for a harvest of humiliation.

"Shiloh and Gettysburg and Vicksburg have been fought and the war is practically ended in the west, but there are still to come the fierce battles before Atlanta. Sherman's march to the sea, and the awful days of the Wilderness, Spotsylvania Court House and Cold Harbor, calling for their toll of 160,000 Union soldiers. The world will not learn for another long merciful year, the meaning of the word, Appomattox. It is the 21st of April, 1864.—Fort Pillow massacre, nine days ago, is fresh in the minds of all, and there are loud calls for retaliation. General Banks is returning from his ill-starred Red river expedition—General Sheridan has been newly assigned to the cavalry of the Army of the Potomac. The 101st Illinois today is at Bridgeport, Alabama.

"It is the 21st of April, 1864. This very day President Lincoln is tendered by a group of patriotic young westerners, including Illinois, the services of 100,000 volunteers, over two days later the offer is accepted. And across the western prairies and over the Alleghenies rolls the chorus:

"We are coming Father Abraham, 100,000 strong."

"It is the 21st of April, 1864. General Grant has just been appointed general-in-chief of the Union armies, and at this moment is almost ready to raise the curtain on the last

President Wilson Reading War Message to Congress In Person.

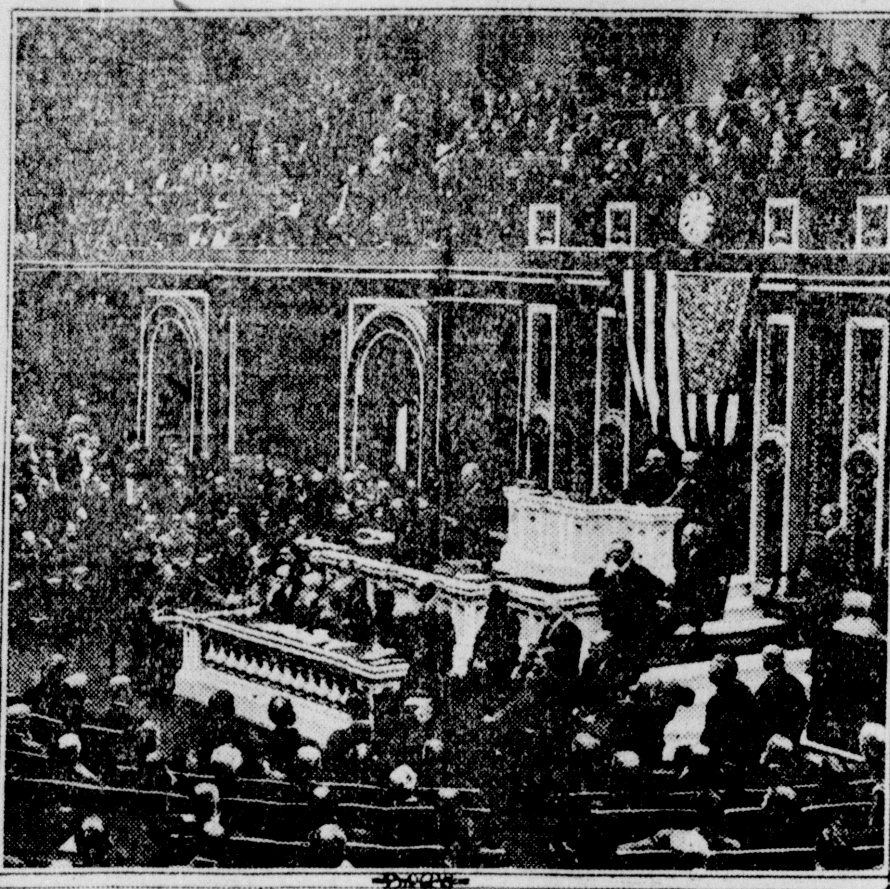

Photo copyright by American Press Association.

The decision of President Wilson to read in person to congress his message relating to the Mexican crisis aroused deep interest in Washington and attracted a vast assemblage of important persons to the galleries of the lower house. President Wilson is the first chief executive of recent years to re-establish this custom followed in early days of the nation.

act of the great historic drama. Sherman is waiting for orders at Chattanooga. Two weeks later, to a day, the two great armies will start south on the final campaign.

"Fifty years ago! What is a year? We take no note of the time saved by its loss. As the reel is unbound, we measure it, hour by hour, day by day, year by year, dividing and subdividing; giving to each portion a number, a name until every century of the steadily procession reaching backward into the dim vistas of the past and forward into the unknown mists of the future has been named and numbered and catalogued. And not only every century, but every year, each day, each hour, each moment has been individualized to such an extent that the civilized world may look backward or forward for a hundred years, or a thousand, to a single specified moment of time that stands out distinct from all other moments in the whole vast eternity of duration.

As marking one of the more important divisions of time, we recall tonight the 50th anniversary of the Literary Union by electing our new president officer. With this meeting we begin a new year—a new half century. Gentlemen of the Union, I thank you for the honor you have conferred upon me. As incoming president, I have no marked policy to announce; no innovations to suggest. The Literary Union is a conservative body where men of diverse opinion can exchange views, and learn to respect, without expecting to change the opinions of others. It is not necessary that every organization be so aggressively militant. The Union has never attempted to reform society to its own way of thinking. Diversity of opinion among members, with perfect freedom in expressing the same has been the life of the Union during all these years, and I have reason to think it will not be essentially different in its aims or in its workings in the years to come from what it has been in the years that have passed.

PASTOR'S SECOND TRIAL FOR ARSON.

Fort Worth, Texas, April 27.—The case of Dr. J. Frank Norris, former pastor of the First Baptist church in this city, and who is under indictment on a charge of arson in connection with the burning of the church parsonage two years ago, came up in court today for trial. Some time ago Dr. Norris was tried and acquitted on a charge of having set fire to the church. The trial was of a highly sensational character and attracted much attention. The indictment for burning the parsonage is the last of the series of cases against the former minister.

Have Courage.

If there is one thing more than another that will cause discouragement it is indigestion, but you should bear in mind that hundreds have been cured, permanently cured, and at a very small expense. Mrs. E. Forster, Lima, Ohio, writes: "I was troubled for a year or more with indigestion. Chamberlain's Tablets afforded the first real relief I obtained, and by taking two bottles of them my whole system was put into a healthy condition." For sale by all dealers.—Adv.

REMEMBER DATE OF VISIT.

C. W. CARSON, M. D., 766 Oakwood Blvd., Chicago, Ill.

After several years of various treating with patent medicines and doctors, without getting help for stomach and kidney trouble, I became very much discouraged, when I was advised to consult Dr. C. W. members of the Science and Mathematics, cheerfully recommend him to any who are not well, and want treatment to give them health, without wasting time and money, and suffering as I did, in experiments. He will get them well, if anybody can. Everyone thinks it is wonderful how I have changed in so short a time, under his treatment. Can write me for information.

BOARD OF EDUCATION HOLDS
SPECIAL SESSION MONDAY NIGHT

Adopt Report of John D. Small, Heating Engineer, Which Approved Plans of Contractors.

A special meeting of the Board of Education was held Monday night for the purpose of hearing the report of John D. Small, of Chicago, consulting engineer, on the proposed heating plant for the new eighth grade building. Mr. Small's report which approved the plans of the contractors, the Jacksonville Plumbing & Heating Company, was adopted.

Mr. Small's report follows: "Pursuant to your request I am pleased to make the following report on heating plans and specifications submitted by the Jacksonville Plumbing and Heating Company for the new eighth grade building, located opposite the present high school building.

"After going over the new building and the boiler room of the old building with your Mr. Rogerson and Mr. Wells, and checking the architect's plans with the contractor's plans, I find the contractor's layout to be correct as regards the amount and location of radiators.

"I have carefully checked over the carrying capacities of the mains and find them ample to supply steam to the radiation above mentioned, providing steam is furnished at the source of supply at the main header in the new building at from atmosphere to one pound gauge pressure. I understand it is the intention to supply steam to the new building through a reducing valve located adjacent to 9 inch supply header at south wall near ceiling of first story. From this main header subdivisions independently valved supply steam to the gymnasium, assembly hall and class rooms, so that any or all of these subdivisions can be used independently as desired. I also understand that an air line system will be installed to remove the air from all radiators through a Paul exhaustor, thus insuring highest efficiency of radiation surface throughout. The piping being based on a single pipe gravity flow and return system.

"With this system installed in a workable manner with all pipes properly graded a perfect circulation of steam should be secured and with the air line system operating to accelerate the flow of steam into the radiators, there is no question in my opinion as to the success of this plant, and the guarantee should be easily fulfilled according to contract. As it appears to me the layout could not be improved upon and should meet with your architect's approval.

"Trusting that the above is satisfactory and comprehensive I respectfully submit the same for your consideration."

Mr. Buckingham, the architect, asked for time to consult his engineer regarding the plans and after some discussion a motion that the report of Mr. Small, the consulting engineer, be accepted and acted upon and also be made a part of the records, and that the bill for his services be approved and paid, was passed.

A motion that the architect and general contractor submit an estimate of the cost of the change in the stage and gymnasium by the next regular meeting, was passed. Another motion that the contractor substitute concrete for the wood baseboards in the corridors of the building at the same price, was also passed.

JUDSON B. THOMPSON HAD
SPLENDID WAR RECORD

Former Resident of Jacksonville Who Died Recently in Carthage Saw Much Active Service in Rebellion.

Judson B. Thompson, whose death was recently noted in the Journal, and who for many years made Jacksonville his home, had a wonderful war record. He was born at Carthage, November 20, 1843, his parents coming from Kentucky. The Carthage paper in speaking of his life as a soldier says:

At the age of eighteen he answered the call of his country and on August 15, 1862 he enlisted in Co. B, 118th Ill. Inf., and made an enviable war record. Taps is never sounded for a member of the old 118th, but that the picture of the company of boys taking leave of Carthage with the assemblage on the courthouse green and the flag presentation comes to mind. We follow them to Tennessee where these mere boys encountered their first skirmish at Wolf River; see them assembled at Memphis in that great army which under Sherman formed an expedition against Vicksburg and sailed down the Mississippi river and up the Yazoo to a point near Chickasaw bayou where Sherman's forces were repulsed with loss of 2,000 men by the confederates entrenched on the bluffs. The federal forces then retired up the river and up the Arkansas to Arkansas Post which was captured. Grant now took charge of the Vicksburg campaign and our boys were part of Grant's whole army which he concentrated at Young's Point opposite Vicksburg, and had a part in the struggle against not only the well entrenched enemy but the dismal swamps and bayous of that watersoaked country.

Volunteers For Service.
After the famous crossing the Mississippi at Hart Times hamlet the first engagement was at Thompson's Hill, where David Sholl and William Grissom of Company B, were killed. The forces were then moved to Raymond and a few miles further where the battle of Champion's Hills was fought, one of the sharpest in this campaign. The confederates were strongly entrenched on the hills and any approach of their situation was hazardous. A call for volunteers to form a skirmish line for investigation was made, and Judson Thompson was among those who volunteered for this dangerous service.

From the victory of Champion's Hills our forces proceeded to Big Black River, where the federals won and began closing in on Vicksburg. They were in the first two assaults—May 19 and 22. After the second assault they were ordered back twelve miles to Black River to prevent Johnson from relieving Pemberton in charge of Vicksburg. It was while on scout duty at Black River that Capt. James Sample and John A. Wallace were ambushed and wounded. (Mr. Wallace died only last week in New York.) Vicksburg surrendered on the 4th of July, and the company was sent after Johnson, driving him east of Jackson, and was then employed on general scout duty and in various expeditions in the Gulf department until October, 1865.

Mr. Thompson was on the skirmish line in July, 1864 near Baton Rouge which was fired upon from ambush, and Thomas Mix was killed. The regiment returned to Camp Butler near Springfield and was mustered out of service October 14, 1865.

Talk Little of Experiences.
Mr. Thompson had a rare and remarkable war record in as much as he served from the day he enlisted until he was mustered out without leave of absence or one day's sickness. He talked little of his army experiences, but his comrades all say he was a fine soldier, brave in the face of danger, ready for any task, quiet, methodical, and painstaking. Throughout the war four members of Co. B, were mess mates, Col. John Elder, James M. Wells now of Oklahoma, C. W. Taylor and Judson Thompson, the only interruption to this arrangement being the capture of Elder and Wells by the enemy. They were taken east and put in Libby prison, but were exchanged in three days time and sent back to their company.

In 1882, Mr. Thompson went to Jerseyville for two years and then to Jacksonville, where he was prescription clerk for the Lee Alcott drug store and then for the W. S. Badger drug business, with which firm he was employed when his final illness overcame him.

Elder Brother To Family.
In 1867 he was converted and became a member of the Baptist church at Pana, under the preaching of Rev. H. H. Northrup, who had been the war time pastor of the Carthage church. He was an unostentatious but faithful church member, giving generously of his time and means to the church. He was a member of the Elks lodge at Jacksonville, and of Alexander Symptom Post, G. A. R. He is survived by five brothers, Wm. A., of Kirkwood, Mo.; Thos. C., of Mt. Vernon, Wash.; Albert W., of Cascade, Mont.; J. W., of Kirkwood, Mo.; James P., of this city, and one sister, Mrs. A. C. Harris, of this city. William and Albert were unable to be present at the funeral. Judson was the "Elder brother" to his family and on him all relied for advice, comfort and guidance. His death is a deep sorrow to all.

ANDRUS FOR JUDGE.
Springfield News:—Results of elections that have been held in Illinois in the month of April have developed unexpected Republican strength in a great many districts. Particularly was that true in elections held in Sangamon and adjoining counties. To those results may be attributed the extraordinary interest which has developed in the fortunes of the Republican candidate in the judicial election that is to be held tomorrow.

At the time of the primaries, it was pretty generally conceded that the Democratic nominee would win in the election, but the last few weeks have wrought some remarkable changes in political sentiment.

On this, the day before the election, there is reason to believe that the Republican nominee for circuit judge, Charles S. Andrus of Springfield, has an even chance with the Democratic nominee to be elected.

As was the case in the election of April 7, little organization work has been done. Republicans are coming back from individual choice, and in their wake are following Progressives and Democrats.

For instance, in the election Tuesday, Democrats will be sadly divided. Governor Dunne, who is supposed to be anti-Sullivan, through a published letter appeals to the Democrats of the district to vote for Jones, who is said to be a strong supporter of Sullivan. Prior to that published letter, Secretary of State Harry Woods warned Democrats through the press to beware of Governor Dunne. As for the candidacy of Jones, Woods is silent.

That Jones is fearful of the result is indicated by the somewhat unusual course the governor has pursued in making a partisan appeal for votes for a candidate for the judiciary.

In the primaries, feeling between the supporters of Baldwin and those of Jones ran high, and the nomination of the latter left some exceedingly sore spots, particularly in Morgan county.

With Democratic dissension on the one hand and growing Republican strength on the other, as evidenced in the recent elections, it would not be surprising if Andrus came out victor in the election tomorrow.

No outward or visible movement is being made in his behalf,—there have been no political meetings, nor has there been much of a newspaper campaign on his part, but undoubtedly, the same influences that were at work in previous elections of the month will be found to have been just as active in the present campaign, and the results will be in evidence tomorrow.

And there can be no question as to Andrus' qualifications for the office of circuit judge. He is a man of splendid ability, a graduate of the literary and law departments of the University of Michigan, with ten or fifteen years of experience in the practice of law, and is regarded as being "up to the minute" in his profession, in every sense of the word.

At one time he was associate editor of the Michigan Law Review, published at Ann Arbor, Michigan, in which position he rendered most excellent service. At the present time he is a member of the law firm of Andrus & Trutter.

There are enough Republicans in the judicial district to elect Andrus. All they have to do is to go to the polls and have their votes recorded.
